## HAD NO QUORUM.

The Second Branch Prevents Action on the Ordinance of

### THE PEOPLE'S TELEPHONE CO.

Through Not Having a Quorum at Last Night's Attempt to Hold a Meeting—The Opponents to the New Company were in a Majority in the First Branch—The Matter Now Lies Over Until the Special Meeting To-night.

There was an effort to hold a meeting of the city council last evening, but it was unsuccessful, the second branch not having a quorum when the roll was called. In the first branch there were nine members present at roll call, and two others came in soon after. In the second branch there was a quorum on hand in the corridor down stairs, but all did not present themselves in the council chamber.

In the first branch the following members were present: Messrs. Otto, Hazlett, List, Haller, Horkheimer, McKelvey, Weidenschuch, Stroebel, Williams.

Clerk O'Brien proceeded to read the minutes of preceding meetings. While he was engaged in this Mr. Berry came over from the second branch and announced that a quorum was not obtainable.

In the second branch the following members were present: Messrs. Higgins, Kindelberger, McFadden, Megrall, Newblitt and President Chew.

When the first branch had been informed that the second had no quorum on hand, a motion was made to adjourn and it prevailed, 7 to 4. Of course, the second branch could do nothing but follow suit.

The telephone ordinance granting a franchise to the People's Telephone and Construction company, of West Virginia, was to have come up in the first branch for its second passage, having already received a majority passage at the regular meeting of council three weeks ago. On Tuesday of last week it would have come up again, but the opponents of the new company were instrumental in breaking the quorum in the upper branch, so no meeting was held. Last night it was seen that the opponents to the new company were in a small majority in the upper chamber, so it was fortunate for the good of the People's company that a quorum was not to be had in the lower branch.

### POLICEMEN ON "BIKES."

The Wheeling "Coppers" Have Been Subjected to the Craze.

Even the stalwart blue coats are not impervious to the bicycle craze. Several of them are the proud possessors of wheels, and their less fortunate brothers are beginning to look upon them with an envious eye. The police force have become greatly struck on wheels this summer, and citizens who have given the matter attention favor the policemen riding the bikes where it is advantageous.

Chairman Davison, of the police committee, believes in the "cops" using bikes on their beats, if their beats cover smooth ground, for they could ride around the ward in much less time than it takes to walk, and consequently they could make more trips during their turn on duty. Instance of the advantage of the "bike" occurred about a week ago on the South Side, Officer Dudley figuring as the hero. A sneak thief had stolen a valuable clock from a saloon, and in a few moments the alarm was sounded. Officer Dudley was told of the theft, though he was off duty. Hurriedly snatching his wheel, he sailed through the streets for Benwood, whence it was thought the thief had gone, but though the officer rode at break-neck speed, his man had had enough start to get across the river. Had the officer been on duty he would have heard of the occurrence in time, and then the clock thief would have been run down.

Officer Charley Och is given the credit of being the fastest rider on the force. Ed Michaels is training hard and hopes soon to be on top. Officer Walker is a fair rider, and there are others. It is a mistake to think that they are riding to reduce their weight or that they would rather ride than walk. The "biking" policeman has come to stay; there is need of him. And there are many people who think the time is coming soon when the local force will be provided with wheels, especially those on duty in the outskirts of the city. But wouldn't they be kuyed at first? Think of Dan Ingram and Ike Shields scorching!

HUNDREDS of precious little ones owe their lives to Dr. Thomas' Eucalypti Oil, the sovereign cure for croup and all other throat or lung diseases. 9
